TENT WEIGHTS

All tents must be appropriately secured by using substantial weights (at least 40lbs per leg - attached at the frame, not velcroed to the leg). Exhibitors may not secure tents to any trees or benches in the park or the fencing. Plan for gusty winds with excess wights.

TENT RENTAL - PROFESSIONAL ARTIST TENTS

Rent a white 10x10 professional artist tent (with weights) that will be set up on Thursday and taken down Sunday night after you leave. You can also rent some display materials. **You must contact Joe directly** - there are a limited number of tents available. Please note the square is ALWAYS windy and having a good tent is key to having a great weekend!
